STAPLER

Effortless, flat-clinch stapling for neat results.

Reduces Paper Stack by 30%

Flat clinch
Flat clinched staples result in a less bulky volume of stapled documents.
With a paper stack that is 30% less than that produced by comparable staplers, you can save space and create more professional looking files.

FLAT-CLINCH

Flat Clinch Stapler　　Standard Stapler

STAPLER ST-010VN

Point 1

Reduces force required for stapling

Power assist mechanism
Using the principle of the fulcrum, we have increased the stapling power by 50% (compared to our standard products) so you can quickly and easily staple documents. The stapler is so light in your hand, you can use it comfortably all day.

Point 2

Simplified staple refills

Top loading mechanism
Staple refills are quick and easy. With our one-touch staple loading, just open the handle and put in the staples. While it is small enough to fit in the palm of your hand, the stapler holds 100 staples (2 strips). Our staple-saving feature makes sure the first staple isn't wasted.

STAPLE TYPE	STAPLING CAPACITY	LOADING CAPACITY	STAPLING DEPTH
No.10	32	100	30mm

FLAT-CLINCH

POWER-ASSISTED

External Dimensions : W30×D81×H60mm
Features : Staple Remover
Materials : Steel, Recycled Plastic

＊Stapling capacity is based on 64gsm paper

Staples maximum approx. 32 sheets of 64gsm paper with standard No.10 staple.

In case of stapling 32 sheets of 64 gsm paper, the force required to staple is reduced by 50% (compared to our standard products-ideal value).

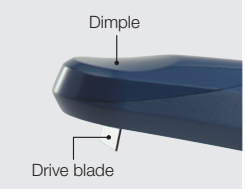
Compact Palm Size

Stapler

STAPLER ST-010R

Point 1
Easy stapling

The dimple guides your finger into the best position to apply force. The force from your finger is translated directly to the staple.



Point 2
Thinking about the environment

Plastic parts are made from 100% recycled ABS. This stapler has been designed so that every material (metal and plastic) can be separated easily for disposal.

Point 3
Tacking

Since the body can be opened 180°, you can drive staples into walls and panels. Great for putting up posters and other notices.

STAPLE TYPE NO.10 | STAPLING CAPACITY 20 | LOADING CAPACITY 50

External Dimensions : W24×D97×H43mm
Features : Staple Remover, Tacking Function
Materials : Steel, Recycled ABS
