## 6 points of the CORRECTION TAPE WHIPER MR

- 1 Mini roller head offers smooth, consistent corrections.
- 2 WHIPER MR applies tape firmly to the paper and its flexible head can be maneuvered to perform detailed corrections.
- 3 Pull for a whole sentence, push for one letter! This means neat results by keeping a close eye on the parts intended for correction whilst making the corrections!
- 4 With this refill method, the head and the moving parts remain in the casing so the disposable amount of materials is low.
- 5 The refill cartridge can be removed and inserted quickly and easily. Its small size means less plastic for disposal.
- 6 It contains 6m long tape in an ergonomic pen-style design. Ideal for both carrying and storing.
